

COSMETOLOGY

EVERGREEN
BEAUTY COLLEGE

ORIENTATION

Beginning Your Journey; How You Will Achieve Your Goals

Beginning your journey; Evergreen is a home where you can make your own self-discoveries.

PHASE 01

*Building the Foundation...
Where Hands-On Begins*

Theory Classes: R.E.P stands for **REFLECT**, **ENGAGE**, and **PERFORM**. This process means our educators will first reflect on what you as a student will be learning, create an activity to engage our students to dig deeper into the theory, then close with making sure that the students can perform what they just learned to ensure our student's understanding of the concept.

Students receive step-by-step instructions on how to cut with shears.

Students learn proper techniques based on bone structure, hair texture, density and growth patterns through practicing after demonstrations.

Get comfortable learning razor cutting on a mannequin first.

Devolping an eye for detail is one aspect learned while utilizing the clippers and trimmers.

Learn razor techniques to soften and manage the lines of the cut to compliment facial features.

Continue to practice on mannequines and live models with your instructor by your side.

Surprise yourself with your own creativity!

Use styling tools to manage hair texture while creating a smoother look in the style.

Creativity rules as students learn special event hairstyles.

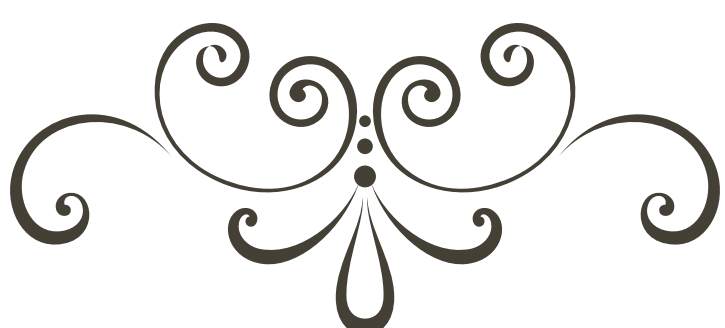

MONTHLY ONE-ON-ONE

Making Sure We Stay On Course For Success Each Step of the Way

An opportunity to check in every month and regroup: this is when your educator will give you a status update where you are in the program and help you plan next month's roadmap. An opportunity to share your successes and struggles so we can adapt for the following month.

PHASE 02

*Building Advance Techniques
Upon the Foundation*

Students become masters at developing custom colors for each individual client's needs.

Enhancing the client's hair color with accent pieces to create interest or focal points.

Creating highlights throughout the hair to make the color come alive.

Students adding body to the hair through soft curls to provide longer lasting styles.

This old barber art of facial hair design and trimming with a straight edge razor is unique at Evergreen. This helps serve one of the fastest growing markets in the beauty industry; the men's market.

Students learn and practice straight razor beard design & trimming on the safest models, like Balloon Bob.

Managing excessive curly hair through chemical relaxing provides ease and styling. We train from a hair typing system that identifies the different levels of curliness to determine the correct application.

Balayage is a form of hair painting using lightener to create a sun lightened effect in the hair.

SCHOOL ASSEMBLIES

Beginning Your Journey; How You Will Achieve Your Goals

Each month the student body comes together to celebrate individual and class accomplishments as well as fun activities for Personal Development.

GIVING BACK

Events where we have the opportunity to give back to our community

Evergreen students help bring beauty back to school by providing free haircuts to students K-12. Students take great pride in giving back to our community through special events designed to help many worthy causes throughout the year. This is a value from the Evergreen Beauty College owners that they want to instill in all of their graduates. As a student you have a number of opportunities to participate in sharing your gifts and talents that you learn in school with the local community.

We host a
“Free Pictures
with Santa”
event for
families.

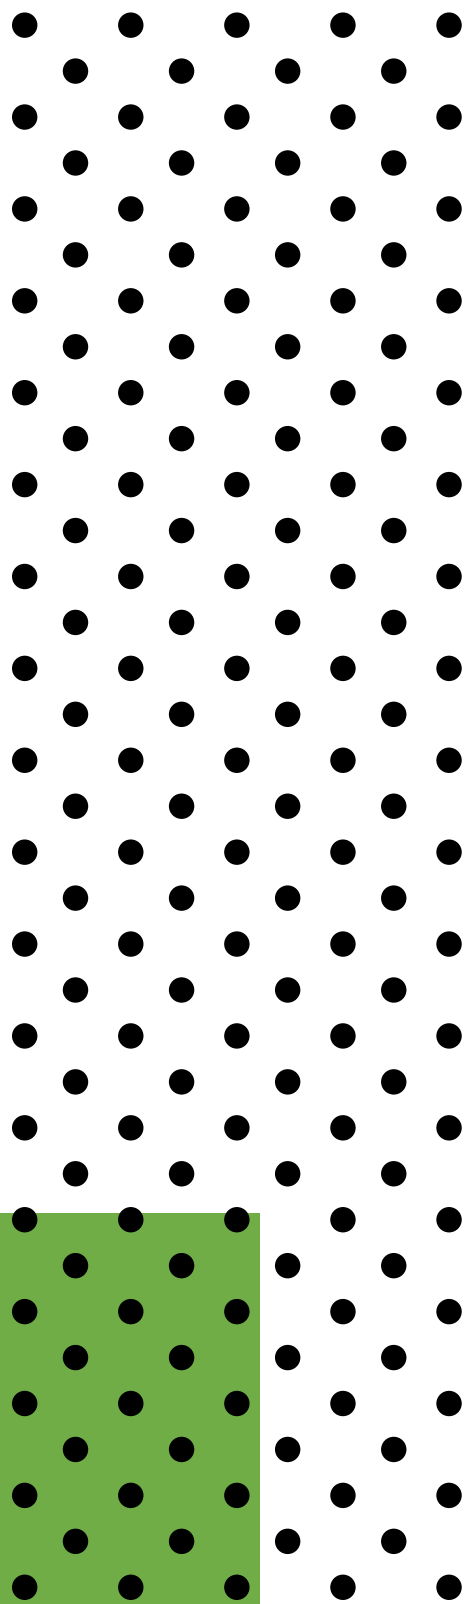

Our students
provide hair
and makeup
services so
they look
great in their
photos!

Evergreen students help Moms and daughters pamper each other for a fun day of relaxation!

Our military appreciation event, **Beauty Salutes You**, sure is a touching one!

Nathan Gonzales shared Evergreen Beauty College's photo.

3 hrs · 21

This man sat in my chair, he told me his life story he was a Marine and was currently homeless and was wanting a haircut to improve his chances of getting back on his feet for a potential job interview! I could not have been more happy or thrilled to help this man who had served our country! The smile on his face says I did my job! I just want to thank Evergreen Beauty College and the Trieu family for giving us a school that gives back to the community! #Thankyouallveterans #veryhumblingexperience

Kenny Bartholomew Thats cool man! You always had a big heart.

COMPETITIONS & FASHION SHOWS

Opportunities for Students to Unleash Their Creativity

Students are given the opportunity to push beyond their limits through competitions and fashion shows where they can unleash their creativity and artistic side.

PHASE 03

Preparing for the Profession of Cosmetology After Graduation

Each student will sit down and have an exit interview with our faculty before graduation. At this time a student will go over their 90-day plan after graduation. Our staff will check to make sure you understand how you will apply for your license, how to make payments to your student loans (if applicable), and double check your tools needed to apply for a job (ex. Resume, portfolio, etc.).

Students develop a photo journal highlighting their creative abilities together with work history and aspirations.

Through our business management program, students can develop “soft skills” dealing with clients to be able to attract and retain future clients.

Students are prepared for their written and practical exam.

Many of our students spend a portion of their training at an externship in local salons prior to graduating to discover the work environment of a salon.

To celebrate your last hour of school, your peers and staff clap you out in your final walk out our doors!

PHASE 04

*After Life
& Continued Support*

We love inviting real, successful professionals working in the industry into our classes as guest speakers so they can share their knowledge with our students. Especially, many of our graduates after experiencing successs in the salon will be invited back to share their success story.

Graduation Day
with Style.

The crowning
achievement
celebrating your
accomplishment.

You will have the opportunity to thank all your support, family and friends that helped you through this journey.

... AND YOUR LIFE AS A PROFESSIONAL BEGINS

Take the first step and give us a call!

Our Admissions Counselors are able to share in your excitement for your career.

Call us at [\(425\) 336-5120](tel:4253365120) or [schedule a tour](#) online.
