

COSMETOLOGY PROGRAM OUTLINE

ORIENTATION

BEGINNING YOUR JOURNEY IS THE FIRST
STEP IN ACHIEVING YOUR GOALS

Evergreen is the beginning of your journey where
we foster your growth and self-discoveries.

PHASE 01

BUILDING THE FOUNDATION... WHERE HANDS-ON BEGINS

THEORY CLASSES:

R.E.P stands for REFLECT, ENGAGE, and PERFORM. Our educators help students reflect on what they want to achieve in school and create engaging activities to connect the dots from their online learning. As a result, students can dig deeper into their studies and perform well on their written and hands-on assignments.

Students will receive step-by-step instructions on how to cut with shears. Students will learn proper techniques based on bone structure, hair texture, density, and growth patterns through practice after demonstrations.

Surprise yourself with your creativity!

- ✓ Use styling tools to manage hair texture and create a smooth, professional, finished look.
- ✓ Creative juices will flow when students learn special event hairstyles.

- ✓ Get comfortable learning razor cutting on a mannequin before moving on to an actual client.
- ✓ Students will develop a trained eye for making precise cuts while utilizing the clippers and trimmers.
- ✓ Learn razor techniques to soften and manage the lines of the cut to compliment facial features.
- ✓ Continue to practice on mannequins and live models with your instructor by your side.

OPTIONAL MONTHLY ONE-ON-ONE

MAKING SURE WE STAY ON COURSE FOR
SUCCESS EACH STEP OF THE WAY

Check in monthly and regroup:

At this point, your educator will give you a status update on where you are in the program and help you plan next month's goals. This time is an opportunity to share your successes and struggles so we can adapt for the following month.

PHASE 02

BUILDING ADVANCE TECHNIQUES UPON THE FOUNDATION

- ✔ Students will learn to master developing custom colors for each individual client's needs.
- ✔ Learn to enhance the client's hair color with accent pieces to create interest or focal points.
- ✔ Create highlights throughout the hair to make the color come alive.
- ✔ Students add body to the hair through soft curls to provide longer-lasting styles.

- ✔ Learn the old barber art of facial hair design and trimming with a straight-edge razor. Barbering is the fastest-growing market in the beauty industry.

- ✔ Students learn and practice straight razor beard design & trimming on the safest models, like Balloon Bob.

- ✔ Study various curly hair types and chemical relaxing. We train students to identify the different levels of curls and the correct application.
- ✔ Balayage is a form of hair painting using a lightener to create a sun-lightened effect in the hair.

SCHOOL ASSEMBLIES

BEGINNING YOUR JOURNEY AND ACHIEVE YOUR GOALS

Each month the student body comes together to celebrate individual and group accomplishments and fun activities for personal development.

GIVING BACK

EVENTS WHERE WE HAVE THE OPPORTUNITY TO GIVE BACK TO OUR COMMUNITY

Evergreen students help bring beauty back to school by providing free haircuts to K-12 students. Students take great pride in giving back to our community through special events designed to support many worthy causes throughout the year. Evergreen Beauty College staff and founders instill these altruistic values in soon-to-be graduates. As a student, you have many opportunities to share the gifts and talents that you learn in school with the local community.

- ✓ We host a “Free Pictures with Santa” event for families.
- ✓ Our students provide hair and makeup services, so the families look great and feel the best in their photos!
- ✓ Evergreen students help Moms and daughters pamper each other for a fun day of relaxation!

COMPETITIONS & FASHION SHOWS

OPPORTUNITIES FOR STUDENTS TO UNLEASH THEIR CREATIVITY

Students are given the opportunity to push beyond their limits through competitions and fashion shows where they can unleash their creativity and artistic side.

PHASE 03

PREPARING FOR THE COSMETOLOGY PROFESSION AFTER GRADUATION

Each student has an optional opportunity to sit down and have an exit interview with our faculty before graduation. At this time, a student will go over their 90-day plan after graduation. Our staff will check to make sure you understand how you will apply for your license, make payments to your student loans (if applicable), and double-check your tools needed to apply for a job (ex. resume, portfolio, etc.).

- ✓ Students develop a photo journal highlighting their creative abilities, work history, and aspirations.
- ✓ Through our business management program, students can develop “soft skills” in dealing with clients to be able to attract and retain future clients.
- ✓ Students are prepared for their written and practical exams.
- ✓ Students spend some time training in local salons prior to graduation to become familiar with a real work environment.

Your peers and staff applaud you as you exit our doors to celebrate your last school day!

PHASE 04

AFTER LIFE & CONTINUED SUPPORT

We love inviting real, successful professionals working in the industry into our classes as guest speakers so they can share their knowledge with our students. Especially, after experiencing success in the salon, many of our graduates will be invited back to share their success stories.

The crowning achievement is celebrating your accomplishment.

Graduation Day with Style

You will have the opportunity to thank all your family and friends that helped support you through this journey

... AND YOUR LIFE AS A PROFESSIONAL BEGINS

Take the first step and give us a call!
Our Admissions Representative are able to
share in your excitement for your career.
