

NAIL TECHNICIAN PROGRAM OUTLINE

ORIENTATION

BEGINNING YOUR JOURNEY IS THE FIRST
STEP IN ACHIEVING YOUR GOALS

Evergreen is the beginning of your journey where
we foster your growth and self-discoveries.

PHASE 01

BUILDING THE FOUNDATION... WHERE HANDS-ON PRACTICE BEGINS

Theory Classes

R.E.P stands for REFLECT, ENGAGE, and PERFORM. Our educators help students reflect on what they want to achieve in school and create engaging activities to connect the dots from their online learning. As a result, students can dig deeper into their studies and perform well on their written and hands-on assignments.

If you are a creator, love the art of manicures, and enjoy building client relationships, **our Manicurist program will help pave the path to an enduring and satisfying career.** The nail technician course is one of Evergreen's shortest programs. You'll learn the basics, advance techniques, and explore and develop your creative signature style in traditional art and 3-D designs. Our program will prepare you for your path as a professional nail tech.

In the first phase of your coursework, you learn about creating a safe, sanitary workspace, including infection control, safety, and first aid.

Students will do a deep dive into anatomy, chemistry, nail & skin physiology, and learn to effectively communicate.

Once students advance to the second phase, they'll learn and practice everything from consultation, nail art, acrylics, gels, and all types of nail preparation and removal.

Students will master different nail shapes including, but not limited to:

- ✓ Oval Nails
- ✓ Round Nails
- ✓ Almond Nails
- ✓ Square Nails
- ✓ Arrowhead Nails
- ✓ Stiletto Nails
- ✓ Coffin Nails
- ✓ Ballerina Nails
- ✓ Squoval Nails

Students will learn countless nail designs and are encouraged to get creative and design their own patterns with the guidance of their instructors.

OPTIONAL MONTHLY ONE-ON-ONE

MAKING SURE WE STAY ON COURSE FOR SUCCESS EACH STEP OF THE WAY

Organize a monthly meeting with your faculty member to check in on your progress and how you plan to be uniquely prepared to develop your portfolio. Learn your next steps and collect insight from your instructors on your work.

Our faculty will help you push the envelope on your creativity, stay on track, and meet all your requirements, so you feel confident as you chip away at honing your craft and studies.

Check in monthly and regroup: At this point, your educator will give you a status update on where you are in the program and help you plan next month's goals. This time is an opportunity to share your successes and struggles so we can adapt for the following month.

PHASE 02

BUILDING ADVANCE TECHNIQUES UPON THE FOUNDATION

- ✓ **Basic manicures** begin with a warm, soapy soak in water to soften the cuticles and dead skin. The cuticles are cleaned following a hand massage with hand lotion. The nails are filed, shaped, and buffed.
- ✓ **Acrylic manicures** are made with a clear powder pigment. First, prep the nails by properly pushing back the cuticles to avoid damaging the nail beds. Next, students will gently remove the shine of the nail with a fine sanding band. Fit the nails with the proper size, trim and file the nails and apply the clear powder pigment before using a color acrylic pigment.

- ✓ **Gel manicures** are more durable and therefore longer lasting than a traditional manicure. Prepare the nails, file, shape, buff, and apply polish. For the polish to cure, the manicurist must use a UV light.
- ✓ **Shellac Manicures** provide a longer-lasting, no-chip polish, much like gel manicures. Start by prepping the nail, filing, shaping, and buffing. Apply a base coat and two coats of the semi-permanent shellac polish. Cure each coat of polish under an LED lamp. Shellac manicures are easier to remove than gel manicures.

SCHOOL ASSEMBLIES

BEGINNING YOUR JOURNEY AND ACHIEVE YOUR GOALS

Each month the student body comes together to celebrate individual and group accomplishments and fun activities for personal development.

GIVING BACK

EVENTS WHERE WE HAVE THE OPPORTUNITY TO GIVE BACK TO OUR COMMUNITY

Evergreen students help bring beauty back to school by providing free haircuts to K-12 students. Students take great pride in giving back to our community through special events designed to support many worthy causes throughout the year. Evergreen Beauty College staff and founders instill these altruistic values in soon-to-be graduates. As a student, you have many opportunities to share the gifts and talents that you learn in school with the local community.

- ✓ We host a “Free Pictures with Santa” event for families.
- ✓ Our students provide hair and makeup services so families will look great in their photos.
- ✓ Evergreen students help moms and daughters pamper each other for a fun day of relaxation!

PHASE 03

PREPARING FOR A NAIL TECHPROFESSION AFTER GRADUATION

During Phase three, each student has an optional opportunity to sit down and have an exit interview with our faculty before graduation. At this time, a student will go over their 90-day plan after graduation. Our staff will check to make sure you understand how you will apply for your license, make payments to your student loans (if applicable), and double-check your tools needed to apply for a job (ex. resume, portfolio, etc.).

- ✓ Students develop a photo journal highlighting their creative abilities, work history, and aspirations.
- ✓ Through our business management program, students can develop “soft skills” in dealing with clients to be able to attract and retain future clients.
- ✓ Students are prepared for their written and practical exams.
- ✓ Students spend some time training in local salons prior to graduation to become familiar with a real work environment.

Your peers and staff applaud you as you exit our doors to celebrate your last school day!

PHASE 04

AFTER LIFE & CONTINUED SUPPORT

We love inviting real, successful professionals working in the industry into our classes as guest speakers so they can share their knowledge with our students. Especially, after experiencing success in the salon, many of our graduates will be invited back to share their success stories.

Graduation Day with Style

The crowning achievement is celebrating your accomplishment.

You will have the opportunity to thank all your family and friends that helped support you through this journey.

... AND YOUR LIFE AS A PROFESSIONAL BEGINS

TAKE THE FIRST STEP AND GIVE US A CALL!

Our Admissions Representatives are able
to share in your excitement for your career.
